Offer of vaccination against
covid-19 and influenza

● ● ●

We are facing an autumn and a winter season in which we can expect infection with covid-19 and influenza to increase. The risk of becoming severely ill from covid-19 and influenza rises with age. Therefore, everyone aged 65 and above is offered vaccinations against these diseases.

You can get vaccinations against both diseases at the same time. Make an appointment at a time that suits you.

The vaccinations are free of charge, and it is voluntary whether you wish to accept this offer.

How to get vaccinated

Book an appointment for both vaccinations at a vaccination center at www.vacciner.dk. You can get vaccinated from 1 October 2023 until 15 January 2024

Find a list of vaccination locations on the Danish Health Authority's website.

If you need assistance with booking or changing your appointment, your Region can help you. You can find the direct number for your Region in the box to the right.

For further information, you can contact your Region:

Capital Region of Denmark
Phone +45 38 64 99 00 (Press 0)

Region Zealand
Phone +45 70 20 42 33

Region of Southern Denmark
Phone +45 99 44 07 17 (Press 1)

Central Denmark Region
Phone +45 70 23 24 15

North Denmark Region
Phone +45 97 64 84 63

If you have already been vaccinated against influenza or covid-19 this autumn, for example at your workplace or as part of a research study, you do not need to be vaccinated again against influenza or covid-19 this year.

Kind regards

Henrik Ullum
President, Statens Serum Institut

Jonas Egebart
Director General, Danish Health Authority
